

Monday, 09 October 2017						
	Dubbo Base Hospital	Royal Prince Alfred Hospital	Room 1	Room 2	Room 3	Room 4
09:30 - 16:30	Pre-conference workshops					
09:30		Royal Prince Alfred Hospital site visit (09:30 - 12:30)	An introduction to Activity Based Funding Dr Stephen Duckett		A guide to Australian healthcare classification system Alix Higgins	A smooth introduction to case mix for newcomers Jean Marie Rodrigues, Dana Burduja, Mr Terri Jackson
10:00	Dubbo Base Hospital site visit (10:00 - 14:30)		Morning tea break		Morning tea break	
10:30 - 11:00			An introduction to Activity Based Funding (cont.) Dr Stephen Duckett		A guide to Australian healthcare classification system (cont.) Alix Higgins	A smooth introduction to case mix for newcomers (cont.) Jean Marie Rodrigues, Dana Burduja, Terri Jackson
11:00			Lunch break		Lunch break	
12:30 - 13:30				An introduction to Activity Based Funding (cont.) Dr Stephen Duckett	Using the AR-DRG classification system Joanne Fitzgerald	Improving population health management through risk adjustment Dr Stephen Sutch
14:00		Afternoon tea break				
14:30		An introduction to Activity Based Funding (cont.) Dr Stephen Duckett	Using the AR-DRG classification system (cont.) Joanne Fitzgerald	Improving population health management through risk adjustment (cont.) Dr Stephen Sutch	The case mix journey (cont.) Jacob Hofdijk	
15:30 - 16:00						
16:00						

Tuesday, 10 October 2017			
	Room 2	Room 3	Room 4
09:30 - 16:30	Pre-conference workshops		
09:30	Value based funding Dr Mary E Black	Australian pricing models: understanding the NEP and NEC Dr Sarah Neville	Funding safety and quality: the West Australian experience Dr Hannah Seymour, Dr Amanda Ling
10:30 - 11:00	Morning tea break		
11:00	Value based funding (cont.) Dr Mary E Black	Australian pricing models: understanding the NEP and NEC (cont.) Dr Sarah Neville	Funding safety and quality: the West Australian experience (cont.) Dr Hannah Seymour, Dr Amanda Ling
13:00 - 14:00	Lunch break		
14:00	Pricing for safety and quality: the Australian approach Dr Sarah Neville, Sean Heng	Patient costing principles Patrick Power, Nigel Mitchell	Using data to tackle clinical and quality issues Dr Michael Wilke
15:30 - 16:00	Afternoon tea break		
16:00	Pricing for safety and quality: the Australian approach (cont.) Dr Sarah Neville, Sean Heng	Patient costing principles (cont.) Patrick Power, Nigel Mitchell	Using data to tackle clinical and quality issues (cont.) Dr Michael Wilke
18:00 - 20:00	Networking drinks John Cadman II - Captain Cook Cruises		

Friday, 13 October 2017					
Grand Ballroom					
09:30 - 10:30 <i>Plenary presentation</i>					
09:30 Safety and quality in health care - Mr James Downie - CEO, Independent Hospital Pricing Authority (IHPA)					
10:30 - 11:00 Morning tea break					
11:00 - 12:00 <i>Plenary presentation</i>					
11:00 Reducing avoidable readmissions effectively - Mr Mark Sonneborn - Vice President, Information Services, Minnesota Hospital Association.					
Grand Ballroom	Room 1	Room 2 & 3	Room 4	Room 5	
12:00 - 12:40 <i>Activity based funding and safety and quality</i>	<i>Benchmarking using data collection systems and big data</i>	<i>Patient costing</i>	<i>New classification development</i>	<i>Funding and Casemix</i>	
12:00 Activity-based Funding: Transformation of Academic Research into Public Policy George Palmer	49: Benchmarking for improved health outcomes Justin Cowan	65: Discovering the True Cost of Inpatient Care Caitriona Ryan	30: Evolution of the french classification for non-acute activity Nicolas Dapzol	29: Managing clinical variation to improve patient care and drive cost efficiency Brendon McMullen	
12:20 20: Safety of Australian hospital care Dr Stephen Duckett	39: Administrative databases and clinical expertise: a synergy to detect hurdles in Belgian day-surgery practice Cécile Camberlin	99: Casemix costing Sensibility to coders personal skill and coding systems for diagnosis and procedures Jean Marie Rodrigues	72: revisiting inpatient rehabilitation case-mix and funding model in ontario, canada: lessons learned Dr Kristen Pitzul	87: Using IHPA national weighted activity unit (NWAU) data to inform the GST distribution – a data user’s perspective Fan Xiang	
12:40 - 13:40 Lunch break					
13:40 - 15:10 <i>Using activity based funding to drive safety and quality</i>	<i>Benchmarking using data collection systems and big data</i>	<i>Population health and integrated care</i>	<i>New classification development</i>	<i>Patient classification and clinical coding</i>	
13:40 The analytical journey through safety and quality Sean Heng, Roland Fan	Reporting the efficiency of Australia’s public hospitals on the MyHospitals website Kelly	Measurement of health organisation performance across multiple sector services: a population health analytic perspective Dr Stephen Sutch	Development of the Australian Non-Admitted Care Classification system: results from a targeted costing study Ivyani Bhatnagar, Jaclyn Chan	Uses of DRG systems in the Finnish health care organizations Petra Kokko	
14:00 Preventable Readmissions: clinical review of discordant results Dr Marc Berlinguet	Health national data set and numerous activity-based management tools: need of harmonization Dr Marie-Caroline Clement	A mutually exclusive classification for a canadian population grouping methodology: health profile groups Yiwen Chen	Developing a new non-admitted care classification in a fast-evolving healthcare environment Caroline Coevoet, Louise Kershaw	Analysis of casemix changes in hospital emergency care 2010-2015 in Stockholm county council Dr Eva Zeisig	
14:20 Getting ready for the new Patient Safety Quality Pricing framework Naomi Beveridge, Roland Fan	Developing a Value-conscious Culture of Healthcare Delivery through benchmarking of clinical outcomes and costs Dr Eng Kok Lim	Making use of the Johns Hopkins acg® system in primary care Peter Rushton, Warwick Neilley	ADRG splitting methodology in AR-DRG V.9.0 Dr Michael Navakatikyan	Development of an episode oriented DRG-system in Denmark -esper Iwersen, Pernille Rosling	
14:40 Finding the balance: A Deep Dive into Risk Adjustment Sean Heng, Mireille Campbell	Inter-hospital benchmarking by apr-drgs on medical and financial data : a tool to promote efficiency and quality of care inside hospitals Alexandre Audibert, Maïté Jonas	Enhancing integration of primary and secondary care data with routine test results in to longitudinal data records for population health analysis Dr Stephen Sutch	New Classification Development of Grouping INA-CBG Grouper Dr Kalsum Komaryani, Dr Anang Tribowo, Dr Priscilla Kristiani, Riris Dian Hardiani, Rudi Yulianto	Improving the reliability of Clinical coding: DRG outcome or Clinical Truth? Kevin Ratcliffe, Dr John Marrone	
15:10 - 15:40 Afternoon tea break					
15:40 - 17:00 Grand Ballroom					
15:40 Conference wrap up
